

## Cub Section report – AGM 2017

It's been another fun year for the cubs although slightly quiet with some activities having to be cancelled for various reasons.

The summer term continued with a camp at Swansea with the Cubs getting involved in loads of fun activities. Henllys ran an activity based around nature and foraging, the cubs were then able to take part in backwards cooking and the favourite muddy assault course. Then on Sunday we had a trebuchet competition ending up in a water fight.

Cubs have been helping out tremendously at the Henllys Local Nature Reserve with clearing ground around the apple trees and finding Bats. Also we paid 2 visits to the OAP home for tea and have been concentrating on personal safety in the home and out and about.

In November we took part in the Remembrance Day Parade with all sections well represented.

The year ended with a visit to Go Vertical at the stadium, where Cubs raced each other to the top of the walls, played games and finished off in the ball park. They also attended the annual Christingle service at Llanyravon Methodist Church.

We kicked off 2017 with the annual Cooking Competition, which was great fun as always, the scientist badge, which enables the cubs to try out a few different experiments and then on to Air Rifle shooting with some cubs showing great promise.

This year's Welly Walk along the canal was very poorly attended with only 1 Cub turning up for this event. We really do need to work on improving our presence at district events as these, through this year, have been very poorly represented.

Cubs continued with the Astronomers badge and the navigator badge ending with an Easter Egg hunt at Blaen Bran

Our Cub numbers have dropped fairly significantly this year, although we have picked up a new adult Leader, Mark, and 2 young Leaders, Holly and Maddy, who have all fitted in brilliantly with the group.
