

Directions to Silver Cross

Take M4 westbound to Junction 47.

Take 1st exit from the slip road signposted A48 East. On A48 go straight over the roundabout. 100 yard past this roundabout (very short distance) there is a very small lane on left doubling back. Note that this does not look like a public road – do not be deceived!

Follow road across the bridge over the M4. When over bridge turn left through the gate. Carry on down to the bottom of the lane. Take a sharp right into Silver Cross.
