

## Quartermaster's report – AGM 2019

### New Marquee

As reported last year, we have a new marquee – first used at the Scout's summer camp in May/June 2018, and subsequently at Portcullis this year – it's very nice!

We haven't purchased much else this year, apart from some new games kit and a fire pit, which is just as well because the lockup is full! Some time soon we need to have a clean out session and pass on/throw out some of the stuff that's no longer used.

Collections of lost property/left overs from camps are making a big dent in the free space at the lockup – I think we'll need to do a final attempt at getting these things back to their original owners, and then dispose of anything still left.

As always, thanks to the parents/guardians who help out at camps and other events – it makes a very big difference to me, and all the other leaders, having your assistance at the end of a camp – please keep it up.

Jeremy Thomas
